

SHAIK AFRID ALI

Kansas City, MO | +1 9133263119 | afridshk8@gmail.com | LinkedIn | Portfolio

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS, Java, Python

Frontend Development: Angular, React, HTML5, Bootstrap, Redux.js

Backend Development: Spring Boot, Node.js, Express.js, MySQL, Spring MVC

Database: MongoDB, MySQL, No-SQL

Development Tools: Git, Agile methodologies (Scrum)

Testing: Unit Testing, Integration Testing, Jasmine, Karma, JUnit

Cloud Technologies: CI/CD, Kubernetes, AWS, Docker

WORK EXPERIENCE

Java Full Stack Software Developer

Sep 2021 – Dec 2022

Larsen and Toubro Technology Services

Mysore , Karnataka

- Display the outcomes achieved from implementing Angular 13.0 routing filters, form validations, Angular UI components, ng-Modules and Optimized the speed and efficiency by 20% using the Lazy Loading feature in Angular 13.0.
- Advanced the frontend development by creating dynamic and responsive screens using Angular 13.0, Redux, and NPM, elevating the website's user experience and interface by 20%.
- Designed and deployed a suite of microservices in AWS, utilizing ECS and Lambda for scalable, on-demand processing. This architecture improved the system's resilience and scalability.
- Boosted the RESTful API performance by 20% by implementing microservices using Spring Boot, Spring Cloud, Spring Microservices, and J2EE. Utilized Core Java concepts like Collections, Multithreading and Exception handling to develop and improve business logic.
- Conducted comprehensive unit testing and debugging with JUnit, Jasmine, Karma ensuring high-quality and reliable software deliverables.

Java Full Stack Software Intern & Trainee

Jan 2021 – Sep 2021

Larsen and Toubro Technology Services

Mysore , Karnataka

- Contributed to the development of interactive, user-friendly web interfaces using React, enhancing the overall user experience and engagement. My work contributed to a 15% increase in user retention.
- Assisted in the development of RESTful APIs using Java, improving data retrieval times by 20% and supporting frontend functionalities efficiently.
- Participated in agile development processes, contributing to sprint planning, daily stand-ups, and retrospectives, which enhanced team cohesion and project transparency.
- Actively engaged in learning sessions and code reviews, gaining valuable insights into best practices in Java and React development, which accelerated my professional growth and contribution to the team.

Freelance Java Full Stack Software Engineer

Jan 2020 – Dec 2020

AMPiQ

Guntur, AP

- Developed a feature-rich, interactive web application using Angular for the frontend and Java for the backend, resulting in a 20% increase in customer satisfaction due to improved functionality and user experience.
- Optimized application performance through code refinement and database query optimization, achieving a 25% reduction in server response times and enhancing the user experience.
- Played a key role in fostering a collaborative environment by sharing knowledge on best practices in Angular and Java development, contributing to a 15% increase in team efficiency.
- Actively participated in all phases of the agile development cycle, from planning to deployment, ensuring timely delivery of high-quality software products.
- Demonstrated a commitment to continuous learning by staying abreast of the latest technologies in React, Angular, and AWS, applying this knowledge to innovate and drive improvements in project outcomes.

CERTIFICATIONS

Front End Development Libraries | FreeCodeCamp
